

Meet Tom Holland

Gardener | 24

Bio

Tom is employed by a company as the main gardener on an average salary. He's been there for 3-4 years and has enjoyed successes with the company. He actively seeks opportunities where he can improve on areas of plant research and plant reservation.

Personality

"I own a collection of plants at my house. They absolutely mean the world to me"

Goals

Become a manager
Increase plant life everywhere
Improve plant lives
Increase in salary
Become a plant researcher

Core Needs

Finding gardening opportunities where Tom can further his skills and learn more about the environment and tools that are used when gardening.

Motivations

Wants to make a change in a plant's life. Give them the care they need, as plants are some of the most important resources specifically mentioning in medicine.

Frustrations

Sometimes too hot to work
Always new tools arriving
Keep up to date with research
Tools definitely that are breaking
Providing to client needs
